Department of Public Works
51 Grove Street
Arlington, Massachusetts 02476
Office (781) 316-3320, Fax (781) 316-3281

FOR RELEASE: May 3, 2013

**DPW Construction Projects: 2013 Water Line Rehabilitation
Construction began in April 2013**

As part of the Town's ongoing Capital Improvement Program, the Department of Public Works will be coordinating the rehabilitation of various water lines throughout Town. Work will consist of installation of temporary by-pass lines, water line removal/replacement and replacement of water service connections. The work began in April 2013 and will extend into the Summer of 2013 (weather dependent).

Project areas include the following roads/sections:

Kensington Park
Longfellow Road (portion)
Gray Street (Oakland Avenue to Gray Circle)
Oakland Ave. (Park Ave. to Appleton St.)

During this time residents should expect some on-street parking restrictions to allow for construction activities & equipment. The contractor will make every effort to keep inconveniences to a minimum and traffic police details will be present to aid in driveway access/egress and roadway safety. Residents are requested to observe on-street roadway postings, detour signs and traffic safety officers to aid traffic management efforts. Residents traveling through these areas should plan accordingly, allow for travel delays, and should consider alternative routes when possible.

Further notices will be provided to abutters as necessary. Water rehabilitation updates will be posted online at arlingtonma.gov/dpwprojects.

The Department of Public Works would like to thank residents for their cooperation during these improvement projects. If you have any questions please contact Kurt Kelley at 781-316-3386 or Wayne Chouinard at 781-316-3320
